Purchase FlixiCam StreamOne for Windows

StreamOne offers three subscription plans: Yearly and Lifetime plans.

Quick Link: To purchase a license key for StreamOne for Windows, please visit here.

1. Why should I buy FlixiCam StreamOne ?

StreamOne is a shareware, and the trial version only allows you to download the first 5 minutes of each video in HD quality. To get the full video, please purchase a license. After the purchase, you will be provided with your Registration Email and Registration key which will unlock the trial version limitation.
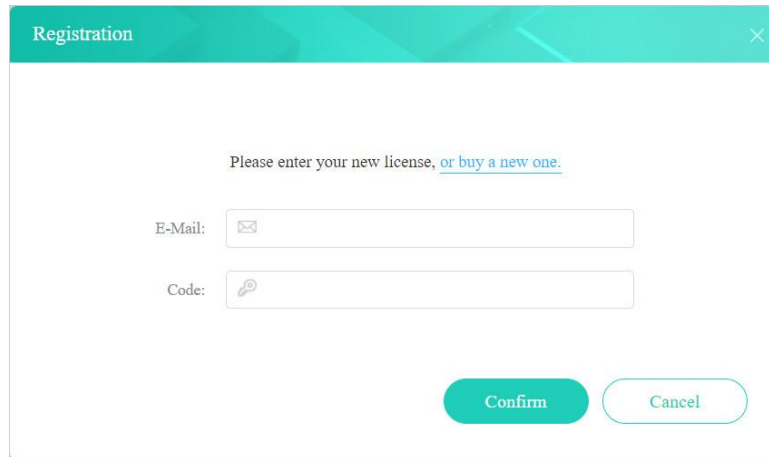

2. What Benefits do we have after Registration?

 - Unlimited use during the subscription period without any function restrictions.
 - Lifetime FREE upgrades to the latest versions of the same product.
 - Lifetime FREE technical support.

Register FlixiCam StreamOne for Windows

Step 1: Run FlixiCam StreamOne on PC. First you should click the **Menu** icon ≡ or the **Key** icon on the upper right, and then select **Register** option to register your program.

Step 2: Please fill in the blanks with the **Registration Email** and **Registration Code**. You can use keyboard shortcuts to copy (Ctrl+C) and paste (Ctrl+V) your license in the registration window.

**Step 3:** After finishing the Registration, the limitation of the trial version will be removed.

Notice:

1. Your computer should be connected with the Internet.

2. Make sure both the Registration Email and Registration key are provided by our company after you pay the registration fee. If you have not paid, please click **Buy Now** to purchase.

3. Please make sure Registration Email and Registration key you entered are both completely and correctly, if not, an error message will pop up as below:

Registration

Please enter your new license, or buy a new one.

Installation & Interface

- Installation
- Main Interface
- Menu
- Settings

Installation

To install the program, please follow the instructions below step by step:

1. Download and install FlixiCam StreamOne for Windows from Download Center.

2. Double click the installation package of FlixiCam StreamOne for Windows to start installing the program on your computer.

3. Follow the instructions to finish the installation.

Note: You can customize the output path for the program as well as create a desktop shortcut icon for convenience during the installation.
Main Interface

Launch FlixiCam StreamOne for Windows and you will see the main interface as below:

Menu

Click the **"Menu"** ☰ button on the upper-right corner, and you will see a dialogue as below:

Settings

Click the **"Settings"** ⚙ button on the upper right, and you will see a pop-up window as below, where you can customize the output format (MP4 or MKV), output quality (High, Medium, Low), output path, audio and subtitles language, etc.
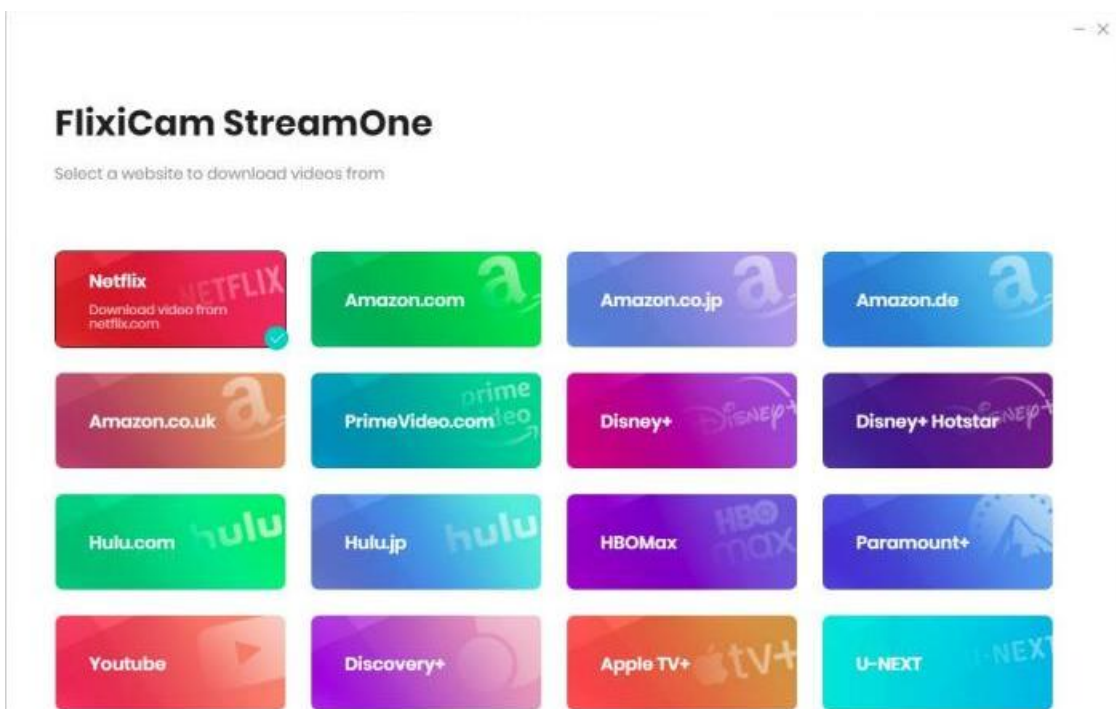

Tutorials

- Run StreamOne and Select the Website
- Customize Download Settings
- Search for Videos
- Select Audio Track and Subtitle
- Start Downloading Videos
- Check Download History

Run StreamOne and Select the Website

Select the website from which you'd like to download videos by clicking the icon next to the Settings icon. If prompted,
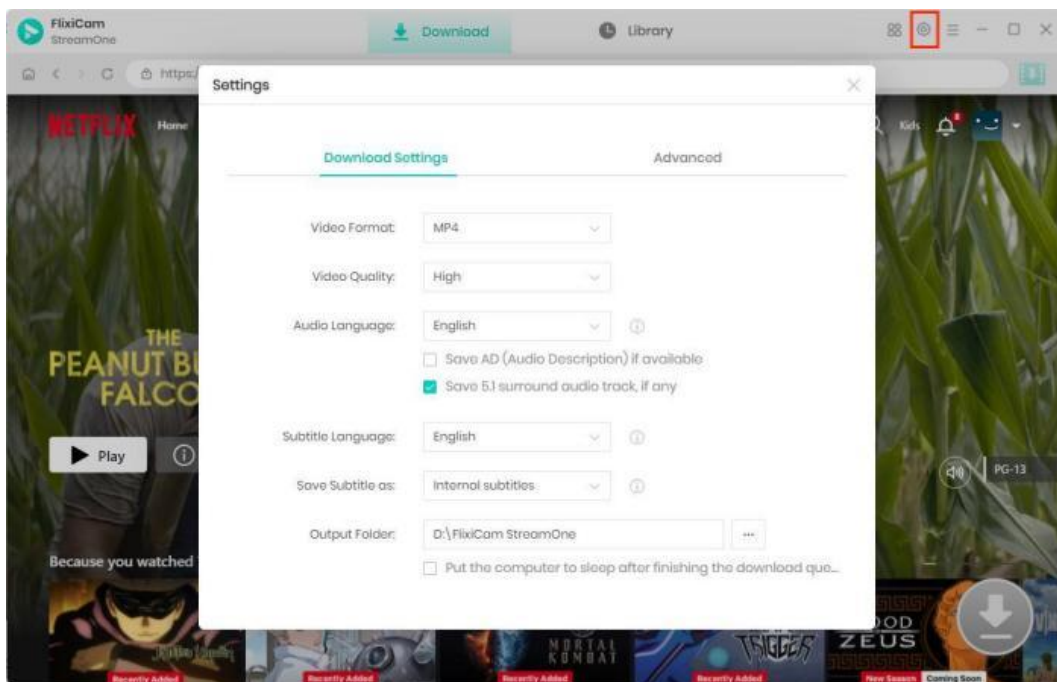

proceed to log into your streaming service account.

Customize Download Settings

Click the **Settings** icon located in the upper right corner to personalize the output format (MP4 or MKV), output quality

(High, Medium, Low), output path, audio and subtitle languages, and more.

Search for Videos

To find the video, utilize the search box to type the video name or keywords. It is also available to locate videos in the built-in browser.

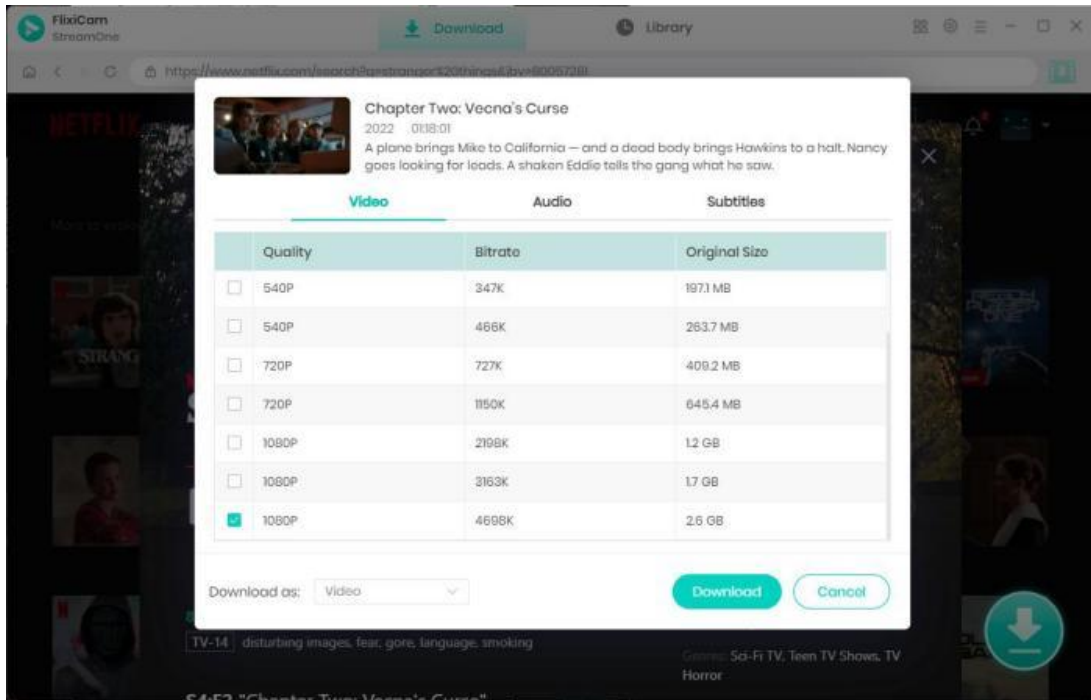

Select Audio Track and Subtitle

Once you've found the desired video, click on it and then tap the activated Download icon. For TV shows, a window will appear allowing you to select seasons and titles, while for movies, you can choose video quality, audio tracks, and more.
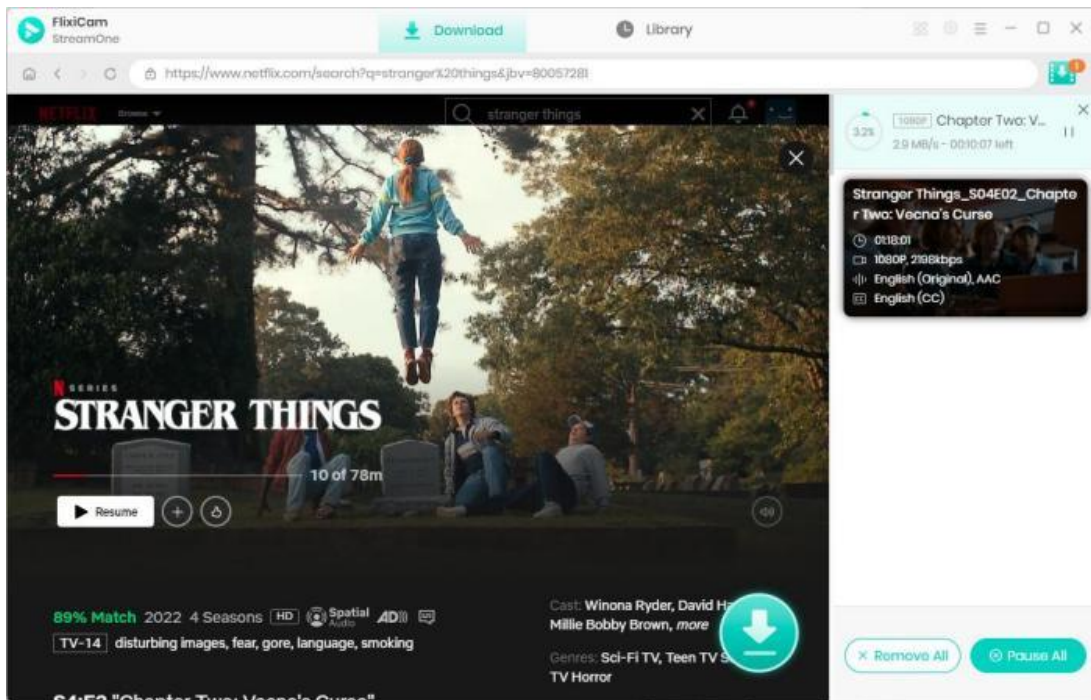

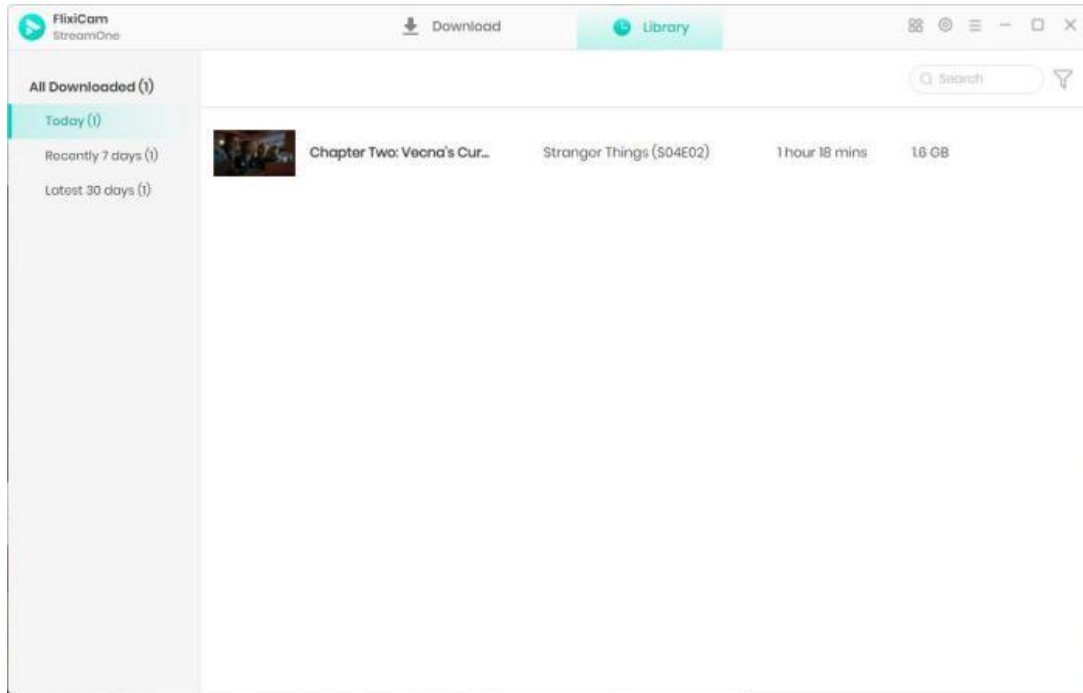

Start Downloading Video

Finally, click the **Download** icon to initiate the download process to the designated output folder.

Check Download History

After downloading, you can click on **Library** to find the well-downloaded Netflix videos on local drive.
