Introduction

Thank you for using FlixiCam for Windows!

FlixiCam for Windows is a professional video downloading tool that offers enough horsepower to handle the downloads of Netflix videos. With the support of such a tool, you can download any movies and TV shows from Netflix to your computer running Windows 10/8/8.1/7. Furthermore, the best part is that FlixiCam supports to download videos in HD quality with 5.1 surround sound preserved. That means you can freely switch among those languages as needed and get the same watching experience as Netflix provides.

Key Features

- Support downloading HD (up to 1080P) Netflix video.
- Keep multi-language subtitles & audio tracks.
- Keep 5.1 surround sound.
- User-friendly and intuitive interface, easy-to-use.
- No need to install Netflix app.

System Requirements

- Windows 7, 8, 8.1, 10, 11 (32 bits & 64 bits)
- 1GHz processor or above
- 512 megabytes (MB) or higher RAM
- 1024*768 resolution display or higher Monitor
- 1GB of available hard-disk space or higher

Purchase FlixiCam for Windows

FlixiCam offers three subscription plans: Monthly, Yearly, and Lifetime plans.

Quick Link: To purchase a license key for FlixiCam for Windows, please visit here.

1. Why should I buy FlixiCam?

FlixiCam is a shareware, and the trial version only allows you to download the first 5 minutes of each video in HD quality. To get the full video, please purchase a license. After the purchase, you will be provided with your Registration Email and Registration key which will unlock the trial version limitation.

2. What Benefits do we have after Registration?

 - Unlimited use during the subscription period without any function restrictions.
 - Lifetime FREE upgrades to the latest versions of the same product.
 - Lifetime FREE technical support.

Register FlixiCam for Windows

Step 1: Run FlixiCam on PC. First you should click the **Menu** icon ≡ or the **Key** icon on the upper right, and then select **Register** option to register your program.

Step 2: Please fill in the blanks with the **Registration Email** and **Registration Code**. You can use keyboard shortcuts to copy (Ctrl+C) and paste (Ctrl+V) your license in the registration window.

Step 3: After finishing the Registration, the limitation of the trial version will be removed.
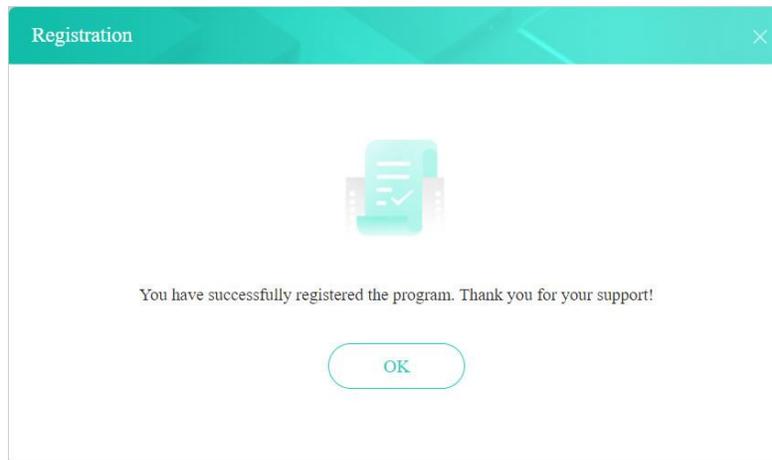

Notice:

1. Your computer should be connected with the Internet.

2. Make sure both the Registration Email and Registration key are provided by our company after you pay the registration fee. If you have not paid, please click **Buy Now** to purchase.

3. Please make sure Registration Email and Registration key you entered are both completely and correctly, if not, an error message will pop up as below:

Registration

Please enter your new license, or buy a new one.

Click the **"Settings"** ⚙ button on the upper right, and you will see a pop-up window as below, where you can customize the output format (MP4 or MKV), output quality (High, Medium, Low), output path, audio and subtitles language, etc:
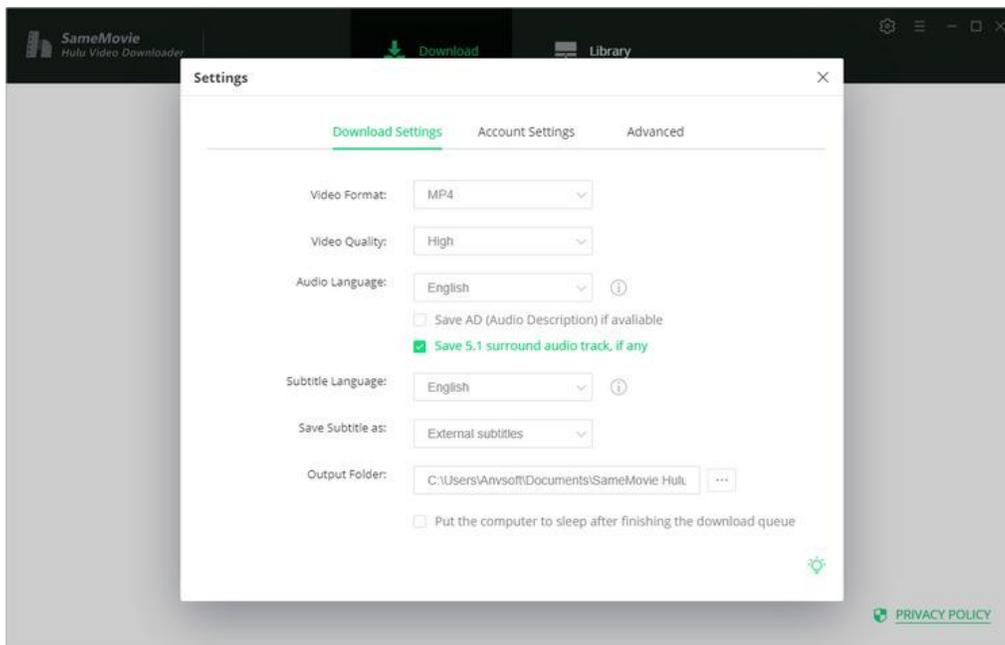

Tutorials

- Log into Netflix Account

- Customize Download Settings

- Search for Videos

- Select Audio Track and Subtitle

- Start Downloading Videos

- Check Download History

Log into Netflix Account

Run FlixiCam on Windows PC and log in to your Netflix account.

Note: Please try to enter any word or video's name in the search box, then there will be a pop-up window prompting you to log in Netflix account.
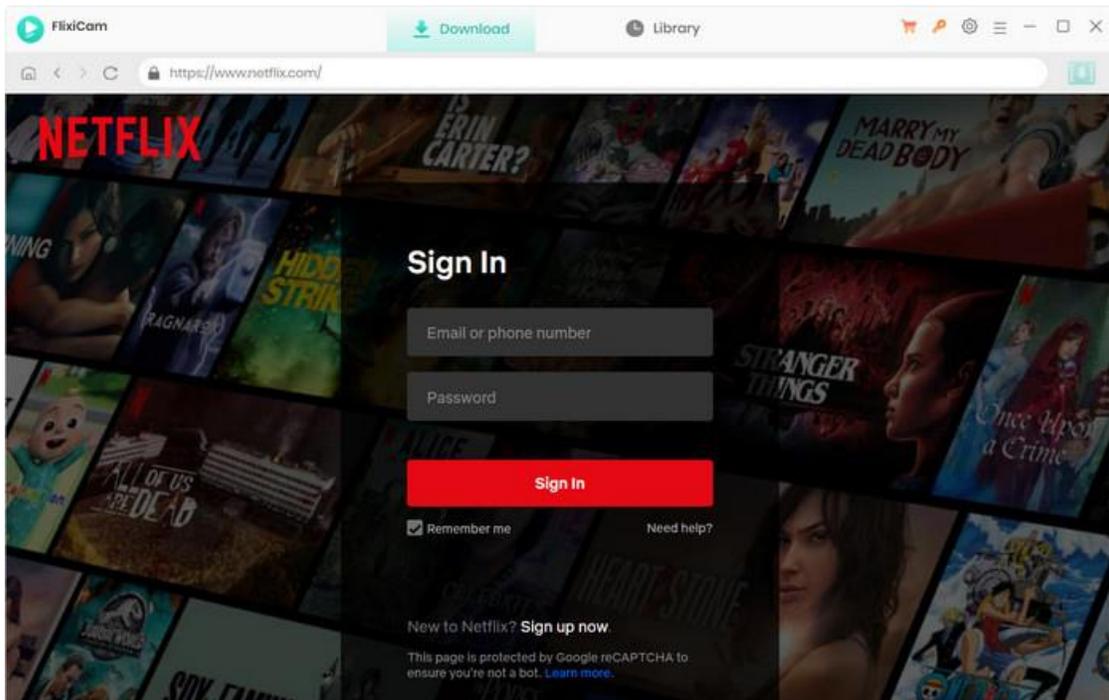

Customize Download Settings

Click the **Setting** icon on the upper right corner to customize the output format (MP4 or MKV), output quality (High,

Medium, Low), output path, audio and subtitles language, etc.
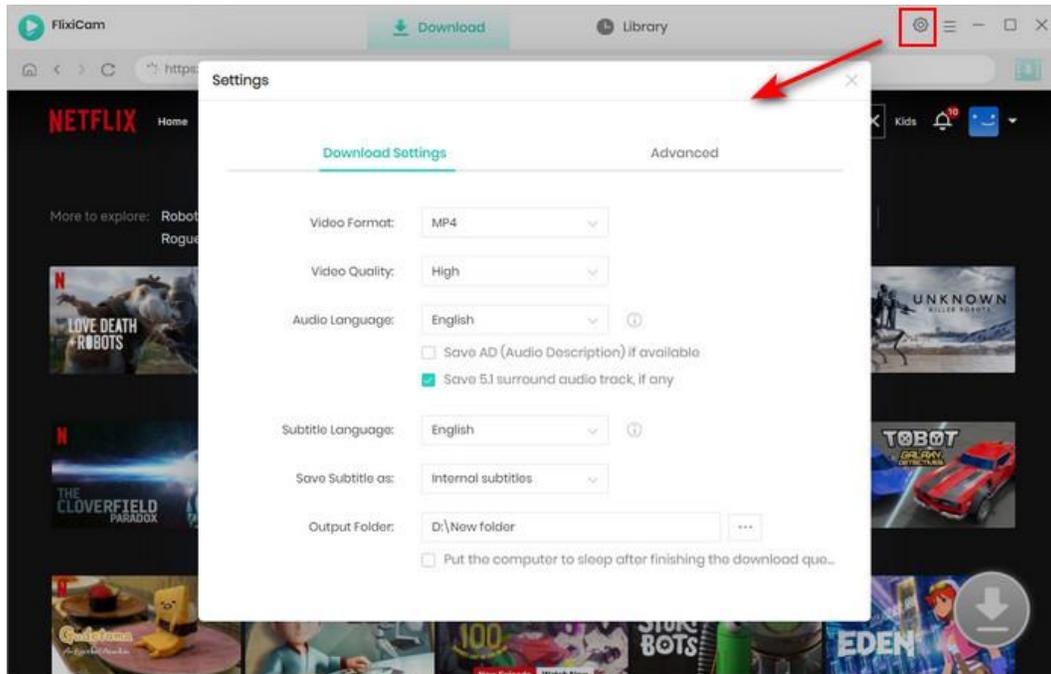

Search for Videos

Try to type the video name or keywords to the search box.
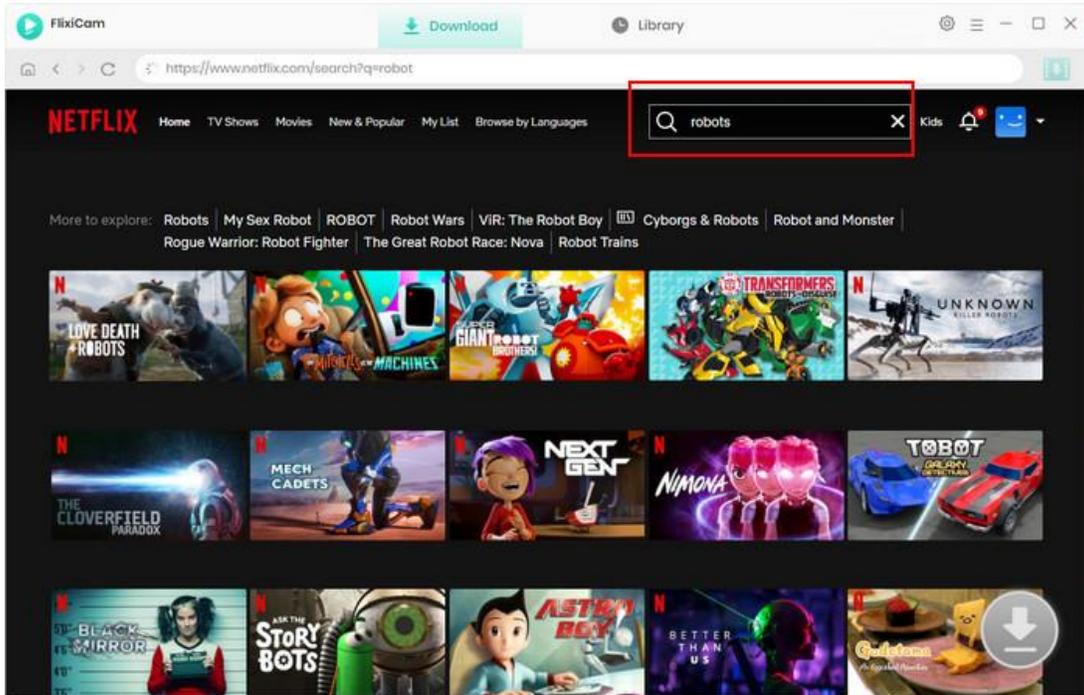

Select Audio Track and Subtitle

Choose and click on the video you want to download and then hit the big green download icon. A window will pop up

to allow you to choose season and titles when downloading TV shows, and choose video quality, audio tracks and so

on when downloading movies.
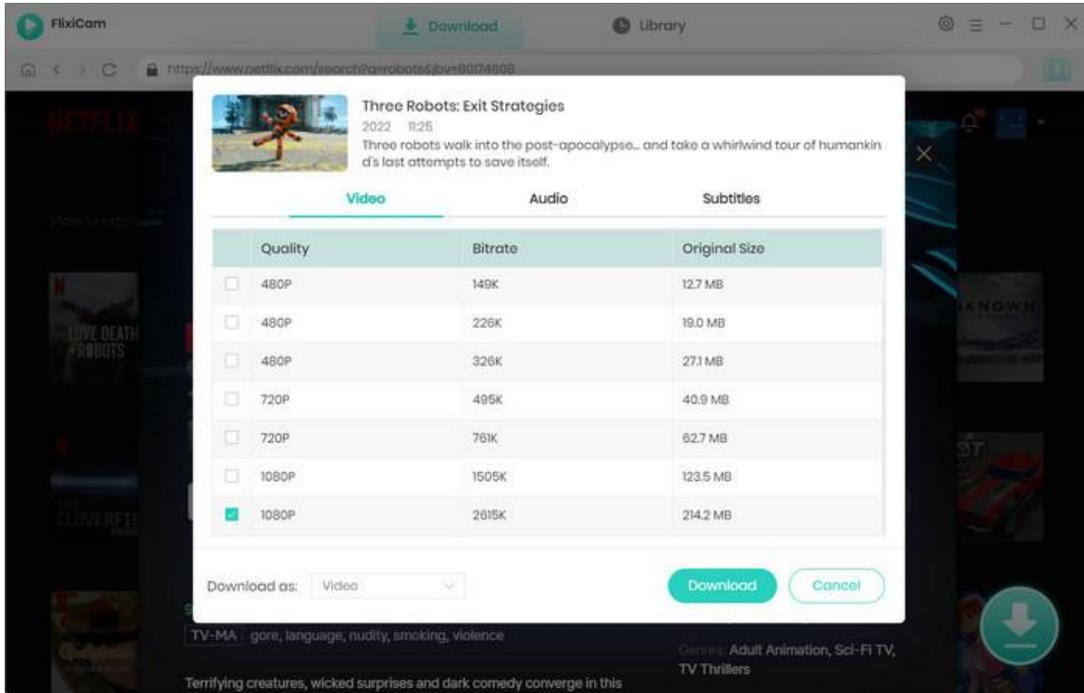

Start Downloading Video

After completing the above steps, now the final step is clicking the **download** icon to start downloading the video to the

output folder you've chosen in the previous step.
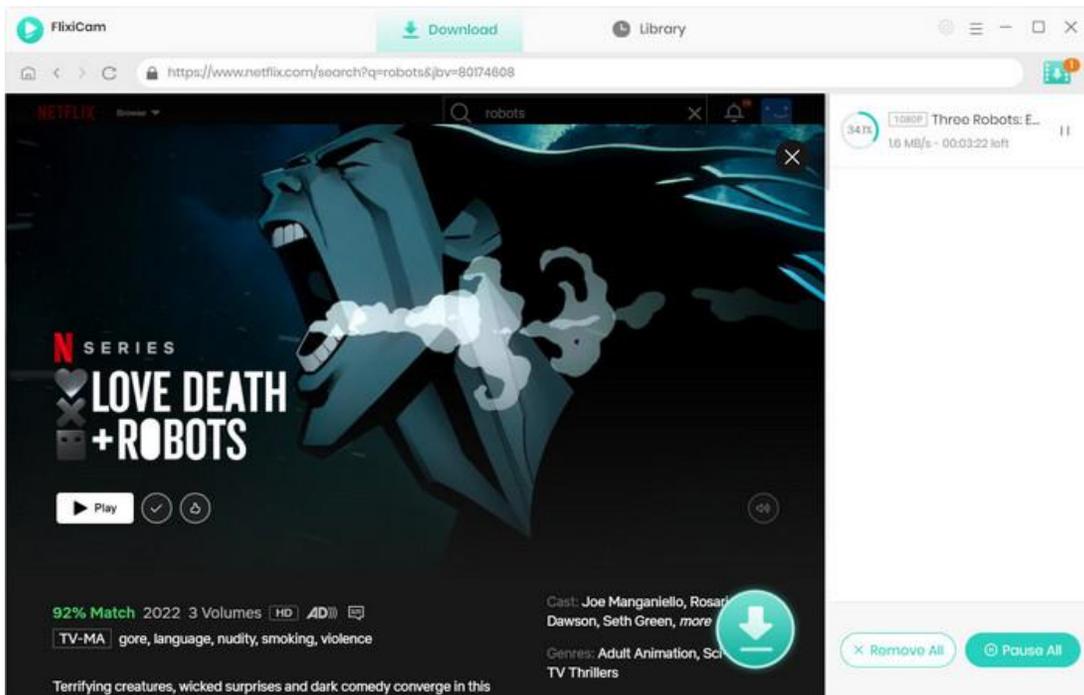

Check Download History

After downloading, you can click on **Library** to find the well-downloaded Netflix videos on local drive.
